"RED" LITERATURE IN GLENDALE

A. A. Rand, the grocer of 145 North Glendale Avenue, has complained to Trustee G. B. Woodbury that "red" literature is being circulated in Glendale. He says it was thrown into his store Tuesday afternoon and that it was an appeal to raise a fund for the benefit of the "radicals," who are being deported from the United States. The statement is made that the government is treating these persons cruelly and exposing them to cold and hunger. Citizens are asked to be on the lookout for such literature and to notice who is distributing it.

CITY NOW PROTECTED FROM FLOODS

Trustee G. B. Woodbury says that flood contract work in Verdugo canyon is progressing rapidly and from present appearances if the heavy rains should come on soon the County Flood Control would be ready for them. Mr. Woodbury is very much pleased with the work and says it realizes all his expectations. He says citizens can now rest easy at night even if we do have floods.

SPEEDY HEARING

CITY ATTORNEY REPORTS ON STATUS OF TELEPHONE SITUATION

Glendale will be given an individual hearing on the telephone question in the near future, according to the statement made by City Attorney W. E. Evans to the City Manager. In his letter Mr. Evans said:

"The hearing before the railroad commission held in San Francisco on September 15th, was adjourned to be resumed on a date thereafter to be determined by the Railroad Commission. The adjournment was taken for the purpose of allowing the Railroad Commission's engineers to compile certain data regarding the valuation of the company's properties, based on evidence theretofore accumulated by the commission. It was then stated that it would take something like two months to complete these calculations, at the expiration of which time further hearings would be resumed.

"I made a request that the City of Glendale be given an individual hearing, conducted in the City of Glendale. I considered that our claims could be presented with greater effect if the commission could be induced to hold a hearing there. It was then practically conceded that my request for a hearing in Glendale would be granted and that I would be advised later of the action of the commission in this regard, and also the date of the hearing in Glendale, if granted.

"Of course, it was understood all the way through that if no hearing were conducted in Glendale, we would be given an opportunity to present our case before the commission when it convened in the City of Los Angeles for the purpose of taking testimony on the telephone situation.

"I have this day had a talk with Mr. Edgerton, president of the Railroad Commission, and he stated to me that the engineers were making progress in their work, but had not quite completed their valuations, though in all probability the hearings would be resumed very soon after the first of the year, and he authorized me to say that we would be given the hearing in Glendale as requested. I attempted to impress upon him the urgency of a speedy hearing and he assured me that the commission was doing everything that it possibly could do to complete this investigation.

"If there are those who feel that they can make greater progress in the matter of speeding up the commission in this case, I should be very glad, indeed, to have them intercede for that purpose."

NIECE SURPRISED

MRS. MERRILL ENTERTAINS IN CELEBRATION OF BIRTHDAY OF MRS. MC-IRVIN

Mrs. H. M. Merrill has disposed of her interest in the Flower Apartments and will soon move to her home at 340 Cedar Street. She has just welcomed her sister-in-law, Mrs. U. G. Merrill and daughter, Edna Merrill of Yakima, Wash., who will be with her during the winter. Monday night she gave what will probably prove to be her last function at the Flower Apartments. It was a little birthday surprise for her niece, Mrs. A. B. McIrvin. The Merrill apartment was beautifully decorated with holly and the Christmas colors and guests spent a delightful evening over card tables and with music and dancing. Four prizes were given, Mrs. U. G. Merrill receiving one on high score for the ladies, while first prize for the gentlemen went to Walter Gurnee. Consolation prizes were received by Miss Edna Merrill and O. R. Barnett.

Following play delicious and dainty refreshments were served, the tables being very pretty in their appointments and centered with red carnations. Those present were: The guest of honor, Mrs. McIrvin, Mr. and Mrs. Fred Burg, Mr. and Mrs. Fred Fishel and Mr. and Mrs. N. W. Warman, of Los Angeles, Mrs. U. G. Merrill and daughter, Edna, of Yakima, Miss Marleau, Mr. and Mrs. O. R. Barnett, Miller Fischel, Walter Gurnee, and the hostess, Mrs. Merrill, all of Glendale, and James Sellers of Seattle.

Miss Grace Carson, niece of Mrs. N. Maxwell Miller, of Thornycroft, made her first appearance with the Denishawn dancers in the Little Theatre at Hollywood for the benefit of press agents Wednesday night. She is to make an extended professional tour of the Pacific Coast, Canada the Eastern states and Europe.

DEMOCRATIC LEADERSHIP

TO REDUCE GOVERNMENT EXPENSE

REPUBLICAN LEADER MONDELL POINTS OUT CUTS TO BE MADE IN APPROPRIATIONS

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 18.—Republican Leader Mondell, addressing the House today, warned that it is necessary to cut government expenses one billion dollars this year. The estimates for the year total five billions. Mondell said the appropriations must not exceed $4,000,000,000. He said that army appropriations should be cut in half, the fortifications bill, the Sundry Civil appropriations, Rivers and Harbors appropriations, must all be cut.

JAPAN'S RELATIONS WITH RUSSIA

NOT A PARTY TO "HANDS OFF" POLICY ADOPTED BY EUROPEAN ALLIES

(Special Service to Glendale Evening News)

LONDON, Dec. 18.—It was learned here today on good authority that Japan is not a party to the "hands off" policy towards Russia which the allies decided upon at the London conference recently.

WILSON TAKES THE HELM

PERSONALLY SUPEDSEDES SECRETARY LANSING IN THE CONDUCT OF MEXICAN NEGOTIATIONS

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 18.—Mexico's reply to America's second note on the Jenkins case reached the State Department this morning. Secretary Lansing expected to start immediately a study of the official text of the note. It was learned that the attitude of this government will be disclosed soon. It is believed that the United States may ignore the note entirely without answering it.

The official text of the Mexican note tallies with the outlines given previously in press dispatches.

It seems evident today that in spite of the Mexican attitude, the crisis in the Jenkins case will be allowed to die a quiet death. This course, it is believed, is due entirely to President Wilson's taking charge of negotiations.

Secretary Lansing wrote the Mexican note without consulting President Wilson and it was considered the most sarcastic note that the United States had ever sent to any government. The President then took personal charge of the negotiations and it is understood he is firmly opposed to any break with Mexico. It is considered certain that there will be no ultimatum sent.

GIRLS AT TRIAL OF HARRY S. NEW

JUDGE CRAIG RULES THAT THOSE UNDER 18 SHOULD NOT BE ADMITTED WITHOUT MOTHERS OR CHAPERONES

(Special Service to Glendale Evening News)

LOS ANGELES, Dec. 18.—Supervisor Judge Gavin W. Craig today made a statement from the bench declaring that while there is a moral lesson in the trial of Harry S. New for murder, girls under eighteen years of age should not attend the trial unless accompanied by chaperones or their mothers. He instructed the Deputy Sheriff to question all girls coming to the courtroom alone. His action was prompted by the fact that thirty per cent of the crowd which has thronged the Hall of Justice since the trial began has been girls under twenty years of age.

The selection of a jury continued to occupy the time at the trial this morning. Some progress was made but there was little hope of finishing the job before night.

DEPORTATION OF EMMA GOLDMAN ET AL

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 18.—The last obstacle to the deportation of Emma Goldman and Alexander Birkman was removed today when the Supreme Court granted permission for the withdrawal of Emma Goldman's appeal against the deportation order.

PROHIBITION SUPERVISOR FOR CALIFORNIA

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 18.—The Internal Revenue Commission today appointed Frank N. Silva of San Francisco, Prohibition Supervisor for California.

TRIO OF OPINIONS

BUSINESS MEN ON BRAND BLVD. VOICE THEIR IDEAS ABOUT HIGH SCHOOL SITE

Albert Cornwell thinks the High School should remain where it is; that the trustees should purchase the block to the east of the present campus and not buy any more land on Brand. Said he:

"The only place for a High School in a town of this size is in a central location. My idea would be to move the athletic field across the street (Louise) and put the auditorium on Colorado across from the Elks' club. I do not care to see school buildings on Brand."

H. S. Webb said he would not approve of buying expensive frontage on Brand just for school purposes, as a campus or playground; it did not seem to him suitable on a main business thoroughfare that promises to build up solidly as far south as Colorado. But if the proposed auditorium could be placed there on say the corner of Harvard for general public use and if a strip could be beautified as a park to afford a little outdoor breathing spot in the center of the city, making it a community center, it would be in his opinion entirely suitable, afford an attractive vesta, and obviate any immediate necessity of a more expensive park and civic center.

He regards the public schools as the most valuable asset of the community. They make the future citizens and to best serve the community a high school should be as centrally located as possible, he declares. From that standpoint he thinks the present location of the high school is almost ideal and that it would be a great mistake to move it to the outskirts of the city where it could be far less easily reached by the majority of the students.

Ezra Parker said he would be glad to see $500,000 spent for the improvement of the Union High School; that the district is large and when distributed and apportioned among the residents of Glendale, Eagle Rock, Casa Verdugo, La Crescenta, Sunland and La Canada they would never feel it. Its present location is as convenient for outlying sections as any that could be found because it is within a block of the main north and south car line and also the east bound car line.

A high school, he declares, is the biggest, most important institution in the town, the thing that new residents first look for if they have children, and the thing they are most anxious about. If they can not find first class educational facilities in a town they will go elsewhere, regardless of other advantages offered them. For that reason, he argues, the town can not afford to withhold the money needed by the high school, especially when the outlying communities are perfectly willing to help. In his opinion the whole frontage on Brand should be acquired to make an attractive setting on our main boulevard, and as much more land as seems to be necessary should be bought on the east.

As to the site, he agrees with Mr. Webb that it is almost ideal in its central location and says we must not only consider the daytime needs but think ahead to the night schools likely to come in the future. For such students the central location would be most desirable.

PLAYERS' CLUB

ORGANIZATION IN ST. MARK'S FOR YOUNG FOLKS OF ALL AGES

The second meeting of the newly organized Players' Club took place last Saturday at the home of the president, D. Lamont Greene, and was well attended. The evening was entirely devoted to completing plans for the first entertainment in the series already arranged by the enterprising society. This will be a masquerade costume dance, under the picturesque title of "Twelfth Night Revels."

Guests are requested to don fancy costumes and masks, unless they prefer not to do so. First rate music is engaged for the dancing, and refreshments will be served.

Mrs. Lamont Greene and a host of willing helpers will decorate the hall in the club color, red, interspersed with greenery and Christmas emblems.

The refreshment committee is under the able direction of Mrs. Eustace Young and Mrs. Harry Peterson, and the floor committee is headed by D. Ripley Jackson, assisted by Dr. J. L. Flint, H. H. Faries, C. L. Peckham,

WORLD PROBLEMS

CONSIDERED IN ADDRESSES MADE AT CITY AND COUNTY INSTITUTES

The institutes in Los Angeles which the instructors in the city schools and in Glendale Union High School have been attending this week, have been a big proposition, considerably like a three-ring circus with events going on all the time in a great many different departments. While there have been many, many talks covering methods of work which are of interest to teachers alone, there have also been some very inspiring addresses on world problems which have been of great benefit to teachers of advanced pupils upon whom is falling more and more the responsibility of developing boys and girls into good citizens and making them realize their responsibilities to society and the world. "Americanization" work among our own people as well as among aliens seems to have been the keynote of the institutes; for both the city and county sessions were in progress at the same time and teachers were privileged to attend either.

Of the addresses delivered yesterday Richardson D. White was much impressed by that of Prof. Harr Wagner, an old resident of California who publishes the "Western Journal of Education" for the teaching of history. He advocates the more extensive teaching of California history in our schools and more emphasis on the picturesque stories of California which will appeal to the children and make the subject more vivid. Such outstanding figures as Portola, Magellan Balboa and their deeds stir the imagination. Coming on down he referred to the days of '49, telling interesting stories of that time. He said he thought teachers could make their lessons intensely interesting by taking up the lives of Californians who have made history.

Wednesday afternoon an address on "America as a World Power," was made before the L. A. City Institute by Prof. Frank J. Klingberg of the University of California. He took the position that America has become a world power whether she wants to be one or not, and that she must take her world responsibilities. He went back to revolutionary times showing political conditions then and the development of the idea of democracy and a new social order. All American history, he declared, shows the development and broadening of that idea, and she has now reached

SCHOOL TEACHERS IN SESSION

Thousands of teachers from cities and rural schools in Southern California, gathered in Los Angeles today for the first annual Better Community Conference which opens there tomorrow under the auspices of the California Teachers' Association, the Chamber of Commerce and the University of California, Southern Branch.

The purpose of the conference—a discussion of post-war conditions—will have a direct influence on every community in the southern part of the state, through the teachers. They will have an opportunity to hear speakers of national importance discuss such educational topics as community councils, community betterment in relation to child life, making the school what it should be, better homes, sanitation and hygiene and the national destiny.

Chambers of commerce from all parts of the state are sending delegates to the sessions on better business, ex-service men, better farming, workers and employers and community service and numerous large industrial corporations also will be represented.

It is anticipated that as a result of the Los Angeles conference, meetings in many Southern California cities will be arranged soon after the holidays.

SOUTHERN CALIFORNIA NEWS NUGGETS

From exchanges which reach the Evening News the following bits of information about Southern California are gleaned:

Southern California streams are not the only ones that go meandering and scouring new channels in flood seasons. The Gila river in Arizona, recently in flood, cut a new channel half a mile west of the Antelope Hill bridge and left a $110,000 reinforced concrete bridge spanning a dry wash, making it necessary to either restore the old channel at great expense or build a new bridge.

The road over Sulphur Hill on the Santa Ana canyon highway in Orange county will soon be opened to traffic.

The city of Redlands has decided to replace with concrete all the cobblestone gutters and curbs built many years ago with concrete. There are miles of cobblestone gutters in Redlands and it has cost the city so much to keep them free of weeds that it will be in the interest of economy to construct concrete curbs and gutters.

The California state highway commission has notified the supervisors of Riverside, San Bernardino, Orange, Imperial and Los Angeles counties that plans for 30 miles of state highway to fill a gap in the Imperial valley highway in Riverside and San Bernardino counties are practically completed and that bids will be taken for the work soon.

A proposition to create a joint park on the crest of Santa Susana pass will be considered by the supervisors of Los Angeles and Ventura counties. The picturesque rock formations and groves of great live oaks have made this a natural playground and it has become a favorite place for outings. It is proposed to create a public park on both sides of the line.

FAIRY STORIES PRESCRIBED

They said Jimmie was crazy-raving crazy.

"It's a shame—such a bright looking little chap and only nine years old," mused those who saw him huddled away in a corner of the cellar of the juvenile hall, behind a sugar barrel, terror-stricken because of the robbers lurking in every corner.

Dr. M. E. Waterhouse, clinical psychologist, took charge of Jimmie's case. He questioned him closely. And he found Jimmie was right—there were robbers all around him—bandits who were stealing from him the right to normal boyhood.

The bandits were yellow backed novels and detective stories sometimes good in themselves, but far too advanced for an imaginative and enterprising boy of nine.

Dr. Waterhouse considered the case. Then he prescribed.

"Fairy stories, liberally applied, just before the sandman comes each night," was his order in place of a sedative.

For two weeks the literary bromide was administered. And slowly the robbers began dying—slain by the good fairies.

Jimmie is a normal boy now, in love with Cinderella, and they are predicting that Jimmie someday will turn his vivid imagination into a valuable asset.

Jimmie was crazy—just like a fox.

STATE NEWS

It was the octogenarian bride's second marriage. She is the mother of eleven children, five of whom are living.

SAN FRANCISCO—D. H. Riker is to be placed on trial here today on charges of having fleeced a score or more of persons of large sums while president of the now defunct Swine Breeders' association. SAN FRANCISCO—Receiver Delos Magee is scheduled to file today in the Superior court his final report of the $9,000,000 bankruptcy of the California Safe Deposit & Trust Company, which failed October 31, 1907. Only $1,500,000 has been preserved for depositors. This already has been paid. General depositors got 19 1-3 of their claims or $250,000. The trust depositors were paid 59 1-2 per cent, or a total of $250,000.

NOTICE

A proposed ordinance regulating the construction and maintenance of public and private automobile garages, automobile filling stations, and curb pumps is now under consideration by the City of Glendale.

This proposed ordinance is in most respects a copy of Ordinance covering these subjects now in force in the City of Los Angeles. It is intended to embody only those provisions which are generally deemed necessary and proper safe guards against fire hazard in places where gasoline is stored and handled. It would be greatly appreciated if those whose business might be affected by any of the terms of this proposed Ordinance, would secure a copy and study it carefully, calling attention to any of the provisions thereof which might be considered unnecessary or that would work an undue hardship on those affected thereby. Copies of this Ordinance are on file in the office of the City Manager.

SUNDAY SCHOOL PARTY

Little folks of the primary department and infant roll of the Baptist Church are having a little Christmas party at the church this afternoon at which the mothers of the children will be entertained by them with songs, recitations, etc. The program will be followed by refreshments which will include candy, cookies and other goodies that small boys and girls like. Each child is expected to bring a gift for some poor child who might not otherwise receive one. These gifts will probably be dispensed by the Glendale Welfare Council which is packing Christmas boxes this week in the room at the rear of the Red Cross Shop on Brand, and which is undertaking to see that every needy family in Glendale has a merry Christmas. The Council is asking not only for gifts, but for lists of families who should be remembered.

Dorothy Haig, whose home is on San Rafael Street, returned Saturday from Moline, Ill., where she has been visiting relatives for the past six months.

GENERAL MEETING TO BE HELD IN THE GUILD ROOM WEDNESDAY, JANUARY 14, 1920, AT 8 P. M.

Personals

Mr. and Mrs. R. L. McCourt and family will motor to Hanford to spend Christmas with Mr. and Mrs. Dewey, parents of Mrs. McCourt.

Mr. and Mrs. Glen Craig and little daughter, Pauline, have gone north to occupy their ranch property which is not far from Exeter where Mrs. Louis Coole, sister of Mrs. Craig, and Mr. Coole have a ranch.

Mr. and Mrs. Frank T. Salter and family who were absent from Glendale at the beach for several months and who returned about Thanksgiving time, are now living at 118 South Kenwood Street. They are planning to build a home of their own soon after the first of the year.

Mrs. Mary G. Moore, sister of Mrs. James W. Pearson of 114 West Broadway, and her sister-in-law, Miss Anna Moore, arrived Sunday night from Council Bluffs. They plan to spend the winter in Southern California and may make Glendale their headquarters.

Miss Julia Culver who has been absent from Tejunga for two years but who had been holding a little bungalow there as headquarters, returned a few days ago to find that it had been sold and her effects were about to be moved out. She is now looking for a home in Glendale.

Mr. and Mrs. Julius Kranz have sold their home at 1317 Brand Boulevard to F. O. Bunting of Oregon. They have moved to a bungalow they own at 122 Fairview Avenue. Some time in the near future they plan to build on Maryland near Mountain View.

Arthur Lindley goes today to San Diego to look after some matters connected with architectural commissions. He will return tomorrow. He has just returned from a trip to Bakersfield, Delano and Taft over the Ridge Route along which he found the trees and grass covered with as thick a coat of frost as he ever saw back east. The ponds in the meadows were frozen and he had to stop to scrape the ice off his windshield. He says the scenery along that route is something wonderful and well repays the traveller.

MORE REALTY SALES

The Stanford Real Estate Agency at 115 South Brand Boulevard, like other dealers, is making daily sales. The following were listed among more recent transactions: For H. A. Goodwin, property at Louise and Windsor to Mr. Hubbard of Joplin, Mo. Mr. Hubbard is a personal friend of another new comer, Dr. Kaemerling.

Sold for Harry Michels, a place on North Columbus to Mr. Anderson of Texas.

Sold property on North Louise belonging to J. W. Lawrence to C. B. Stanford.

CHURCH NIGHT SUPPER

Covers were laid for about seventy-five at the regular weekly supper of the Christian Church Wednesday evening. Several guests were present, including Rev. and Mrs. T. S. Handsaker of San Diego. The men of the church brotherhood had their supper served in their own classroom and had a business session while their meal was in progress. Following the supper the usual Bible Study class met, followed by the prayer meeting.

P. E. O. GIFTS

Mrs. H. P. Goodwin of 212 West Garfield and Mrs. Claire Van Etten of El Bonito Street, yesterday motored to the Maternity Hospital on Utah Street, Los Angeles, with a bundle of gifts from Chapter A. H. of the P. E. O. This is an annual thing with the chapter, which is greatly interested in the institution. The bundle included a baby's bed and bedding, a big comforter, bed linen, towels, jars of canned fruit and jellies.

HUGE UPLIFT MOVEMENT

Rev. Clifford Cole has been attending this week the conference of the Inter-Denominational Church World Movement which is being held at the First Congregational Church in Los Angeles. He is one of the 250 delegates appointed for Southern California. The idea of the conference, he says, is to inform the delegates in regard to the drives which are to be made in 1920 for funds for this huge scheme for evangelization work in this country and in mission fields in which all the churches are pooling their resources and combining for more efficient effort. In addition to the drives for money there will be drives to enlist recruits. It is probably the biggest uplift movement that the world has ever seen.

"THINGS THAT CAN'T BE DONE"

The poem entitled "Things That Can't Be Done" was published in Wednesday's News with a note that the author was unknown. The poem was recognized by Miss Mary Carr Merritt of South Louise Street as one written by Edgar A. Guest of the Detroit Free Press. This poem has been credited to a great many different authors and has often been published as "author unknown," but Miss Merritt, who has a catalogued collection of poems, including nearly one thousand by Mr. Guest, has a letter from him stating that he is the author of this particular poem.

HOLIDAY DANCING PARTY

Mrs. Robert L. McCourt of 336 North Central Avenue entertained about eighteen young people Wednesday evening with a dancing party for her son, Robert L. McCourt, Jr. Her home was beautifully decorated with Christmas wreaths and holly in other forms, and the Christmas colors featured the candles which illuminated the refreshment table, around which the young folks gathered about 10 o'clock, the party lasting from 8 to 11. Excellent piano music was furnished by Kenneth Whaley. Those present were: Helen Thompson, Bettie Fells, Virginia Huntley, Kathleen Campbell, Agnes Brown, Marguerite Eckles, Margery McGinnis, Mary Young, Editha Watkins, Mildred Stanford, John Robert White, Jr., Arthur Campbell, Edward Thompson, Langley Meredith, Sam Thompson, Paul Hutchinson, Waldo Cowan and Robert McCourt.

DEATH OF RUTH SEVERANCE KING

Ruth Severance King, of 108 North Adams Street, aged 18 years, entered into rest Wednesday morning. She leaves a devoted mother, Mrs. Etta King, and an aunt, Mrs. Leta S. Hiles of Long Beach, superintendent of penmanship of the public schools. Funeral services will be held from the parlors of the Jewel City Undertaking Company Friday afternoon at 2 o'clock. Interment at Forest Lawn Memorial Park. Rev. Clyde Monroe Crist will have charge of the services.

Congress consumed nearly 14,000,000 words in the special session, but their practical effect could be summed up in just two words—"nothing doing."

WORLD PROBLEMS

(Continued from Page 1)

the position of leader of the world in the teaching of democracy; she can not evade her responsibility. Prof. Klingberg is a teacher of history and in a most interesting way he analyzed the causes of the wars in which this country has engaged, the civil war, Spanish-American war, and the big war just ended. He showed that the motives of the United States were the same in each instance—the preservation of democracy and the extension of its benefits to as many people as possible. Referring to the Monroe Doctrine he declared it had its prime motive in the preservation of democracy in the western hemisphere.

Mr. White was also fortunate in hearing Prof. Roy Malcolm of the University of Southern California on "The Japanese Problem." He analyzed the problem in various ways and referred to the crisis in 1906 when Roosevelt intervened and in 1912 when President Wilson sent Bryan to this coast to smooth things over. The general trend of his talk, as reported by Mr. White, was to the effect that the great problem of the United States is to find a means of living on a friendly basis with these alien races, though he does not believe in admitting them in large numbers into this country. He showed that Japan with an area of about 10,000 square miles, less than California, has a population of 60,000,000. When England became congested she ceased to attempt to produce her food, but turned her energies to manufacturing and bought her food, but that is something Japan can not do because she has not the natural resources, the coal and other materials that are factors in manufacturing, but she must expand and the speaker declared it is our problem to face the fact and find a way out, a way to help Japan solve her problem that will be just and fair to her without endangering our own interests. Mr. White characterized the address as a very sane presentation of a question that is becoming very pressing in California.

LITTLE FOLKS PARTY

The Primary Department of the Central Christian Church Sunday School had its annual Christmas party Tuesday afternoon in the Church Bungalow. Christmas decorations gave it a very festive appearance and the little folks had a very good time. They played games and had a short program of songs and recitations by the children and refreshments which included a cornucopia of candy for each child, and home-made cookies and cocoa.

James W. Pearson, the real estate operator, who was confined to his home for several days by a very severe cold, is now able to be out.

Eighty-eight millions of the $100,000,000 appropriated by congress for relief work in Europe have been returned to the treasury in the form of notes from the beneficiary governments. Mr. Hoover is said to be the only man who has ever thus converted a gift into loans, to best interests of all concerned.

"THE CAMPFIRE"

MANY MATTERS OF INTEREST TO BOY SCOUTS ANNOUNCED BY SCOUT EXECUTIVE

Big Hike

Scouts! All aboard for the big hike Saturday. Every Scout in Glendale meets at Intermediate School at 8:30 a. m. with his lunch, a quarter for car fare, and plenty of pep. The Glendale & Montrose railway will furnish us with transportation to Montrose and from there we hike for the big mountains, about three miles. We are looking forward to a full day of bully fine fun, do son't let a single Glendale Scout miss the trip!

Register

As yet only a few boys have called at headquarters to register and receive their test cards. This absolutely must be done, so don't put it off. Certainly you are not afraid of the new executive, are you? He won't bite! So step lively, Scouts! He is waiting to shake hands with you. He will be at headquarters, in the City Hall every afternoon, from 5 to 6 p.m.

K. of C. Troop

Owing to the enforced absence of Scoutmaster Mullen, Mr. Kellogg took charge of the meeting of the K. of C. troop last evening. He reports a splendid crowd of boys, all fine material for an ideal Scout troop. They have decided to begin work on a baseball team very soon, and have elected a captain and manager. Go get 'em, boys!

SCOUT NEWS

Scouts, don't forget to see to it that a copy of the Glendale News gets into your hands on every Thursday at least. Then look for the column entitled "The Campfire." There you will find all Scout notices, news, etc. "A Scout is Loyal," loyal to his local council as well as to his troop and Scoutmaster; so keep in touch with Scouting in Glendale and boost! boost! boost!

Camp?

Glendale Scouts will be glad to know that after several weeks of disappointing search for a suitable camp site, at last an ideal location has been discovered. Permission to camp there has already been voluntarily given, although no steps have as yet been taken to secure the use of the location as a regular week-end camp. We are confidently hoping for the best.

Snow

Last Saturday Mr. Kellogg and three Scouts from Troop 3 took a hike, long to be remembered by them. After hours of struggling on hands and knees they finally reached the Government trail leading from Arroyo Seco to the summit of Sister Elsie. On the trip they encountered several inches of snow in the trail, and enjoyed one of the most wonderful panoramic views in California. Returning, they chose to stick to the trail, rather than "buck brush," so they descended via Arroyo Seco to La Canada. It was a very strenuous trip for one day, and the boys, Scouts Raymond, Clemens and Hoyt deserve commendation for their pluck and perseverance. Mr. Kellogg hopes to take the trip again with Scouts and make it an over-night hike.

Troop Editors

Each troop in Glendale is urged to elect, or have appointed by the Scoutmaster, a troop editor. It should be his duty to gather all news and notices relative to his troop and turn them in to Mr. Kellogg at Scout headquarters every Wednesday, in time for Thursday's "Campfire."

Tests

The following tests have been passed this week, by the board of examiners. Troop No. 3 (Scoutmaster Kellogg). Hugh Clemens, Robert Raymond, Eugene Wernette, Gwynn Baker, all passed their full Tenderfoot tests. Scout Harold Betz passed his Service and Thrift requirements for first class. Troop No. 5 (Scoutmaster Mullen). Gene Skreit and Albert Carroll completed their Tenderfoot tests.

Until a definite time is appointed for the taking of tests, Scouts may take tests any afternoon at headquarters between 5 and 6. Within a week or two, a definite time will be set for the meeting of the Board of Examiners, and tests must be taken at this time.

NORA BAYES AND AL JOLSON SING NEW SORTS OF SONGS

Bad Boy Song and Love Song Are New Departures for These Popular Stars

Nora Bayes sings a bad-boy song for Columbia Records this month. Its name is "Freckles," and, although Nora proclaims him "worse than Peck's bad boy," nevertheless she makes you love him. On the other side of this record she sings a fetching pickanniny ballad, "Ev'rybody Calls Me Honey."

Al Jolson has sung all sorts of songs for Columbia Records and his hosts of admirers, but "Tell Me," which he sings this month, is his first real love song. Al Jolson in love is just as individual as Al in any other frame of mind. On the reverse of this record is the first selection of George Meader, the new Columbia tenor, heralded as a great "find." "Wonderful Pal" is the name of the song, and Meader lives up in his singing to the reputation given him.

The Columbia Graphophone Company is particularly proud of its recent saxophone recordings. This month it offers two on the same record, "Oh, What A Pal Was Mary," played as a waltz with an incidental chorus by Grant Stephens, and the "Weeping Willows Blues" fox-trot, both by the Columbia Saxophone Sexette.

TO ALL LICENSE COLLECTORS

Gentlemen:

A personal appeal goes out to you to aid the state in the apprehension of a low crook who has fleeced hundreds of poor families of their earnings in the purchase of clothes which never arrive, nor never will. We have a clew to this man if the license collectors of this state will aid, that will run him down.

He has a large Airdale dog, purchased by fraud in this county and for which he has secured a license tag. The dog was gotten in September so we will appreciate your searching the files for a name like the following, for any information which might be recalled over the purchase of a license tag for an Airdale dog, in the month of September, or October. If you believe that any connection might be made kindly communicate with us at once; we can send a sample of the writing and will regard any name as confidential, until such time as we are positive of identification.

G. L. Andrews, G. L. Graves, C. H. Adams and J. G. Kingsley.

Age 42 to 45 years; height 5 feet 10 inches; weight 170 to 180 pounds; hair dark; build, medium heavy; square shoulders; heavy features; rather knock kneed; walks slightly lame; upper front teeth gold; right jaw appears scarred as from burns; uses glasses when writing. Dresses fairly well and has a gentlemanly voice and actions. Drives a Ford touring car and is accompanied by the dog on his trips.

There is a reward of fifty dollars for the arrest of this man and should information arrive that will cause the arrest the reward will be paid accordingly.

An appeal is made to look into this matter at once and notify us should you believe you have information.

Sincerely yours
J. H. Barnett, Sheriff,
Madera County.

Judging from late experiences of the United States, wars are more terrible and blighting in what comes after them than in what actually happens during their progress.

Compulsory education, perfectly proper as applied in this country, has become a tyranny in Russia where a Soviet order has been issued commanding everybody to learn to read within six months.

PLAYERS' CLUB

(Continued from Page One)

Reginald Wilkinson and Albert Sullivan.

All members and friends of St. Mark's church are eligible to membership in "The Players' Club" which has been organized to fill a growing need in the Parish, and to work, or rather to play, for the good of the church and the community as a whole. Dues are only $1.00 a year and there are to be three principal sections—musical, dramatic and social, so that all may find something congenial and it is hoped there will soon be a large membership. A partial list of the patrons and members is as follows:

Rev. and Mrs. Cornell, Mrs. Chetwode Hamilton, Mrs. William Porter, Mrs. A. G. L. Grew, Mrs. Eleanor A. Whitaker, Mrs. Lamont Greene, Mrs. Helen Campbell, Mrs. Ralston, Mrs. Eble, Miss Margaret Grew, Miss Esther Ralston, Mrs. David N. Why is our government so slow in action against the anarchistic "Reds" who are so rampant and loud-mouthed in their expressions of disloyalty to the United States? Why is it we are obliged to endure the damnable tirades and machinations of the Victor Bergers, Emma Goldmans and Bergmans? Why not imprison them or deport them for the protection of American institutions? This republic acts as if afraid of a small bunch of vicious anarchists, which for years has been permitted to preach and disseminate their anarchistic doctrine which threatens to destroy this republic.

One thing with the world today is that so many men are wrought up over the right to strike and so few over the right to work.

A supervisor in charge of the Blackfeet agency in Montana, in advertising for sale certain Indian lands, presents a list of surprising Indian names, including Chief Iron Eater, Petrified Russell, Annie Rides at the Door, Yellow Bird Takes Gun on Top, and Everybody Looks at Marrow Bones.

No doubt the country suffers from too many laws, but we still seem to lack one with teeth in it to deal effectively with the preachers of sedition and promoters of anarchy.

The Cuban sugar interests have increased their profits about 600 per cent this year. No wonder those who aim to get rich quick favor the method of first creating scarcity.
